

Product Code	Product Title	Product Description	Features	Price
<b>CO2-8WLp-XAT-BE</b>	CONFIDENCE OMNIDIRECTIONAL Dual Petite Lavalier Microphone (water/sweat proof) for Audio-Technica. Color: Beige	The CO2-8WLp is a fully redundant petite lavalier microphone with mic elements matching within $\pm$ .05dB. The built-in backup design mates the dual mics as well as their independent and continuous wire paths into a singular wire jacket for a clean alternative to cumbersome cable dressing. The mic cable splits approximately nine inches above connection to the body-pack to allow ample room for separation of the transmitters. Both mic elements are IP 57 rated to protect against water, sweat and makeup. Includes dual element microphone, two X-Connectors, SLIDER1 mic clip, cable clip, and larger windscreen. Color: Beige	- Factory matched elements of equivalent sonic frequency and sensitivity - IP 57 water/sweat/makeup proof - Up to 136 dB max SPL - Optimal gain before feedback - Cable length of 1 meter - Interchangeable X-Connectors compatible for all popular wireless systems including Shure, Sennheiser and Audio-Technica - Available in colors beige, brown or black - Patent pending	<b>\$699.00</b>
<b>CO2-8WLp-XAT-BR</b>	CONFIDENCE OMNIDIRECTIONAL Dual Petite Lavalier Microphone (water/sweat proof) for Audio-Technica. Color: Brown	The CO2-8WLp is a fully redundant petite lavalier microphone with mic elements matching within $\pm$ .05dB. The built-in backup design mates the dual mics as well as their independent and continuous wire paths into a singular wire jacket for a clean alternative to cumbersome cable dressing. The mic cable splits approximately nine inches above connection to the body-pack to allow ample room for separation of the transmitters. Both mic elements are IP 57 rated to protect against water, sweat and makeup. Includes dual element microphone, two X-Connectors, SLIDER1 mic clip, cable clip, and larger windscreen. Color: Brown	- Factory matched elements of equivalent sonic frequency and sensitivity - IP 57 water/sweat/makeup proof - Up to 136 dB max SPL - Optimal gain before feedback - Cable length of 1 meter - Interchangeable X-Connectors compatible for all popular wireless systems including Shure, Sennheiser and Audio-Technica - Available in colors beige, brown or black - Patent pending	<b>\$699.00</b>
<b>CO2-8WLp-XAT-BL</b>	CONFIDENCE OMNIDIRECTIONAL Dual Petite Lavalier Microphone (water/sweat proof) for Audio-Technica. Color: Black	The CO2-8WLp is a fully redundant petite lavalier microphone with mic elements matching within $\pm$ .05dB. The built-in backup design mates the dual mics as well as their independent and continuous wire paths into a singular wire jacket for a clean alternative to cumbersome cable dressing. The mic cable splits approximately nine inches above connection to the body-pack to allow ample room for separation of the transmitters. Both mic elements are IP 57 rated to protect against water, sweat and makeup. Includes dual element microphone, two X-Connectors, SLIDER1 mic clip, cable clip, and larger windscreen. Color: Black	- Factory matched elements of equivalent sonic frequency and sensitivity - IP 57 water/sweat/makeup proof - Up to 136 dB max SPL - Optimal gain before feedback - Cable length of 1 meter - Interchangeable X-Connectors compatible for all popular wireless systems including Shure, Sennheiser and Audio-Technica - Available in colors beige, brown or black - Patent pending	<b>\$699.00</b>
<b>CO2-8WLp-XLE-BE</b>	CONFIDENCE OMNIDIRECTIONAL Dual Petite Lavalier Microphone (water/sweat proof) for Lectrosonics. Color: Beige	The CO2-8WLp is a fully redundant petite lavalier microphone with mic elements matching within $\pm$ .05dB. The built-in backup design mates the dual mics as well as their independent and continuous wire paths into a singular wire jacket for a clean alternative to cumbersome cable dressing. The mic cable splits approximately nine inches above connection to the body-pack to allow ample room for separation of the transmitters. Both mic elements are IP 57 rated to protect against water, sweat and makeup. Includes dual element microphone, two X-Connectors, SLIDER1 mic clip, cable clip, and larger windscreen. Color: Beige	- Factory matched elements of equivalent sonic frequency and sensitivity - IP 57 water/sweat/makeup proof - Up to 136 dB max SPL - Optimal gain before feedback - Cable length of 1 meter - Interchangeable X-Connectors compatible for all popular wireless systems including Shure, Sennheiser and Audio-Technica - Available in colors beige, brown or black - Patent pending	<b>\$699.00</b>
<b>CO2-8WLp-XLE-BR</b>	CONFIDENCE OMNIDIRECTIONAL Dual Petite Lavalier Microphone (water/sweat proof) for Lectrosonics. Color: Brown	The CO2-8WLp is a fully redundant petite lavalier microphone with mic elements matching within $\pm$ .05dB. The built-in backup design mates the dual mics as well as their independent and continuous wire paths into a singular wire jacket for a clean alternative to cumbersome cable dressing. The mic cable splits approximately nine inches above connection to the body-pack to allow ample room for separation of the transmitters. Both mic elements are IP 57 rated to protect against water, sweat and makeup. Includes dual element microphone, two X-Connectors, SLIDER1 mic clip, cable clip, and larger windscreen. <b>CO2-8WD-XAT-BE</b>	CONFIDENCE OMNIDIRECTIONAL Dual Petite Element Headset Microphone (water/sweat proof) for Audio-Technica. Color: Beige	The CO2-8WD is a fully redundant dual petite element headset microphone with mic elements matching within $\pm .05$ dB. The two mic elements have independent and continuous wire paths in a singular wire jacket for a clean alternative to cumbersome cable dressing. The mic elements are IP 57 rated to protect against water, sweat and makeup. Includes dual element microphone, two X-Connectors, SLIDER1 mic clip, cable clip, and larger windscreen. Color: Beige	- Factory matched elements of equivalent sonic frequency and sensitivity - IP 57 water/sweat/makeup proof - Up to 136 dB max SPL - Reversible and collapsible earhooks - Wears left or right - "Unbreakable Boom" bendable to 360 degrees - Cable length of 1 meter - Available in colors beige, brown or black - Interchangeable X-Connectors compatible for all popular wireless systems including Shure, Sennheiser and Audio-Technica - Patent pending	<b>\$795.00</b>

<b>CO2-8WD-XAT-BR</b>	CONFIDENCE OMNIDIRECTIONAL Dual Petite Element Headset Microphone (water/sweat proof) for Audio-Technica. Color: Brown	The CO2-8WD is a fully redundant dual petite element headset microphone with mic elements matching within $\pm .05$ dB. The two mic elements have independent and continuous wire paths in a singular wire jacket for a clean alternative to cumbersome cable dressing. The mic elements are IP 57 rated to protect against water, sweat and makeup. Includes dual element microphone, two X-Connectors, SLIDER1 mic clip, cable clip, and larger windscreen. Color: Brown	- Factory matched elements of equivalent sonic frequency and sensitivity - IP 57 water/sweat/makeup proof - Up to 136 dB max SPL - Reversible and collapsible earhooks - Wears left or right - "Unbreakable Boom" bendable to 360 degrees - Cable length of 1 meter - Available in colors beige, brown or black - Interchangeable X-Connectors compatible for all popular wireless systems including Shure, Sennheiser and Audio-Technica - Patent pending	<b>\$795.00</b>
<b>CO2-8WD-XAT-BL</b>	CONFIDENCE OMNIDIRECTIONAL Dual Petite Element Headset Microphone (water/sweat proof) for Audio-Technica. <b>CO2-8WD-XSK-BR</b>	CONFIDENCE OMNIDIRECTIONAL Dual Petite Element Headset Microphone (water/sweat proof) for Sennheiser SK, Zaxcom, Wisycom, Shure UR1M. Color: Brown	The CO2-8WD is a fully redundant dual petite element headset microphone with mic elements matching within $\pm .05$ dB. The two mic elements have independent and continuous wire paths in a singular wire jacket for a clean alternative to cumbersome cable dressing. The mic elements are IP 57 rated to protect against water, sweat and makeup. Includes dual element microphone, two X-Connectors, SLIDER1 mic clip, cable clip, and larger windscreen. Color: Brown	- Factory matched elements of equivalent sonic frequency and sensitivity - IP 57 water/sweat/makeup proof - Up to 136 dB max SPL - Reversible and collapsible earhooks - Wears left or right - "Unbreakable Boom" bendable to 360 degrees - Cable length of 1 meter - Available in colors beige, brown or black - Interchangeable X-Connectors compatible for all popular wireless systems including Shure, Sennheiser and Audio-Technica - Patent pending	<b>\$833.00</b>
<b>CO2-8WD-XSK-BL</b>	CONFIDENCE OMNIDIRECTIONAL Dual Petite Element Headset Microphone (water/sweat proof) for Sennheiser SK, Zaxcom, Wisycom, Shure UR1M. Color: Black	The CO2-8WD is a fully redundant dual petite element headset microphone with mic elements matching within $\pm .05$ dB. The two mic elements have independent and continuous wire paths in a singular wire jacket for a clean alternative to cumbersome cable dressing. The mic elements are IP 57 rated to protect against water, sweat and makeup. Includes dual element microphone, two X-Connectors, SLIDER1 mic clip, cable clip, and larger windscreen. Color: Black	- Factory matched elements of equivalent sonic frequency and sensitivity - IP 57 water/sweat/makeup proof - Up to 136 dB max SPL - Reversible and collapsible earhooks - Wears left or right - "Unbreakable Boom" bendable to 360 degrees - Cable length of 1 meter - Available in colors beige, brown or black - Interchangeable X-Connectors compatible for all popular wireless systems including Shure, Sennheiser and Audio-Technica - Patent pending	<b>\$833.00</b>
<b>CX2-8D-XSH-BR</b>	CX2-8D Cross-Function Omni/Cardioid Headset Microphone with X-Connector for Shure. Color: Brown	The CX2-8D headset is switchable between (or simultaneous) as an omnidirectional and cardioid microphone to instantly address feedback concerns, or to broadcast and record from two element options in one mic. The two mic elements have independent and continuous wire paths in a singular wire jacket for a clean alternative to cumbersome cable dressing. The mic cable splits approximately nine inches above connection to the body-pack transmitters to allow ample room for separation of the transmitters. Includes cross-function element microphone, two X-connectors, SLIDER1 mic clip, cable clip, and windscreen. Color: Brown	- Combined omni and cardioid elements - Two wire paths in a single cable splits to two body packs - Up to 136 dB max SPL - Reversible and collapsible earhooks - Wears left or right - "Unbreakable Boom" bendable to 360 degrees - Cable length of 1.2 meter - Compatible with X-Connectors for all popular wireless systems including Shure, Sennheiser and Lectrosonics - Available in colors Brown, brown or black	<b>\$939.00</b>

<b>CX2-8D-XLE-BL</b>	CX2-8D Cross-Function Omni/Cardioid Headset Microphone with X-Connector for Lectrosonics. Color: Black	The CX2-8D headset is switchable between (or simultaneous) as an omnidirectional and cardioid microphone to instantly address feedback concerns, or to broadcast and record from two element options in one mic. The two mic elements have independent and continuous wire paths in a singular wire jacket for a clean alternative to cumbersome cable dressing. The mic cable splits approximately nine inches above connection to the body-pack transmitters to allow ample room for separation of the transmitters. Includes cross-function element microphone, two X-connectors, SLIDER1 mic clip, cable clip, and windscreen. Color: Black	- Combined omni and cardioid elements - Two wire paths in a single cable splits to two body packs - Up to 136 dB max SPL - Reversible and collapsible earhooks - Wears left or right - "Unbreakable Boom" bendable to 360 degrees - Cable length of 1.2 meter - Compatible with X-Connectors for all popular wireless systems including Shure, Sennheiser and Lectrosonics - Available in colors Black, brown or black	<b>\$939.00</b>
<b>CO2-8WL-XSK-BL</b>	CONFIDENCE OMNIDIRECTIONAL Dual Lavalier Microphone (water/sweat proof) with X-Connector for Sennheiser SK, Zaxcom, Wisycom, Shure UR1M. Color: Black	The CO2-8WL is a fully redundant lavalier microphone with mic elements matching within $\pm .05$ dB. The built-in backup design mates the dual mics as well as their independent and continuous wire paths into a singular housing and wire jacket for a clean alternative to cumbersome cable dressing. The mic cable splits approximately nine inches above connection to the body-pack transmitters to allow ample room for separation of the transmitters. The mic element is IP 57 rated to protect against water, sweat and makeup. Includes dual element microphone, SLIDER1 mic clip, cable clip, and windscreen. Color: Black	- Factory matched elements of equivalent sonic frequency and sensitivity - Separate wire paths in a single cable splits to two body-packs - IP 57 water/sweat/makeup proof - Up to 136 dB max SPL - Optimal gain before feedback - Includes two X-Connectors compatible with all popular wireless systems - Available in black - Patented	<b>\$737.00</b>
<b>CX2-8L-XLE-BL</b>	CX2-8L Cross-Function Omni/Cardioid Lavalier Microphone with X-Connector for Lectrosonics. Color: Black	The CX2-8L lavalier is switchable between (or simultaneous) as an omnidirectional and cardioid microphone to instantly address feedback concerns, or to broadcast and record from two element options in one mic. The two mic elements have independent and continuous wire paths in a singular housing and wire jacket for a clean alternative to cumbersome cable dressing. The mic cable splits approximately nine inches above connection to the body-pack transmitters to allow ample room for separation of the transmitters. Includes cross-function element microphone, two X-Connectors, SLIDER1 mic clip, cable clip, and larger windscreen. Color: Black	- Combined omni and cardioid elements - Two wire paths in a single cable splits to two body packs - Up to 136 dB max SPL - Includes two interchangeable X-Connectors compatible for all popular wireless systems including Shure, Sennheiser and Lectrosonics - Available in black	<b>\$789.00</b>
<b>CX2-8D-XLE-BR</b>	CX2-8D Cross-Function Omni/Cardioid Headset Microphone with X-Connector for Lectrosonics. Color: Brown	The CX2-8D headset is switchable between (or simultaneous) as an omnidirectional and cardioid microphone to instantly address feedback concerns, or to broadcast and record from two element options in one mic. The two mic elements have independent and continuous wire paths in a singular wire jacket for a clean alternative to cumbersome cable dressing. The mic cable splits approximately nine inches above connection to the body-pack transmitters to allow ample room for separation of the transmitters. Includes cross-function element microphone, two X-connectors, SLIDER1 mic clip, cable clip, and windscreen. Color: Brown	- Combined omni and cardioid elements - Two wire paths in a single cable splits to two body packs - Up to 136 dB max SPL - Reversible and collapsible earhooks - Wears left or right - "Unbreakable Boom" bendable to 360 degrees - Cable length of 1.2 meter - Compatible with X-Connectors for all popular wireless systems including Shure, Sennheiser and Lectrosonics - Available in colors beige, brown or black	<b>\$939.00</b>
<b>CX2-8L-XSE-BL</b>	CX2-8L Cross-Function Omni/Cardioid Lavalier Microphone with X-Connector for Sennheiser. Color: Black	The CX2-8L lavalier is switchable between (or simultaneous) as an omnidirectional and cardioid microphone to instantly address feedback concerns, or to broadcast and record from two element options in one mic. The two mic elements have independent and continuous wire paths in a singular housing and wire jacket for a clean alternative to cumbersome cable dressing. The mic cable splits approximately nine inches above connection to the body-pack transmitters to allow ample room for separation of the transmitters. Includes cross-function element microphone, two X-Connectors, SLIDER1 mic clip, cable clip, and larger windscreen. Color: Black	- Combined omni and cardioid elements - Two wire paths in a single cable splits to two body packs - Up to 136 dB max SPL - Includes two interchangeable X-Connectors compatible for all popular wireless systems including Shure, Sennheiser and Lectrosonics - Available in black	<b>\$789.00</b>

<b>CX2-8D-XSK-BL</b>	CX2-8D Cross-Function Omni/Cardioid Headset Microphone with X-Connector for Sennheiser SK, Zaxcom, Wisycom, Shure UR1M.
