CR-8S-XSE-BE	SERIES8 CARDIOID Earworn Microphone for Sennheiser. Color: Beige	Single over-ear microphone with super flex boom wears left or right. Highly effective at feedback rejection. Includes microphone, cable clip, standard and large size windscreens. Color: Beige	- "Unbreakable Boom" bendable to 360 degrees - Wears left or right - Converts to dual ear with optional R-DMC accessory - Up to 135 dB max SPL - Available in colors beige, brown or black - Cable length of 1 meter - Interchangeable X-Connectors compatible for all popular wireless systems including Shure, Sennheiser and Audio-Technica	\$399.00
CR-8S-XSE-BR	SERIES8 CARDIOID Earworn Microphone for Sennheiser. Color: Brown	Single over-ear microphone with super flex boom wears left or right. Highly effective at feedback rejection. Includes microphone, cable clip, standard and large size windscreens. Color: Brown	- "Unbreakable Boom" bendable to 360 degrees - Wears left or right - Converts to dual ear with optional R-DMC accessory - Up to 135 dB max SPL - Available in colors beige, brown or black - Cable length of 1 meter - Interchangeable X-Connectors compatible for all popular wireless systems including Shure, Sennheiser and Audio-Technica	\$399.00
CR-8S-XSE-BL	SERIES8 CARDIOID Earworn Microphone for Sennheiser. Color: Black	Single over-ear microphone with super flex boom wears left or right. Highly effective at feedback rejection. Includes microphone, cable clip, standard and large size windscreens. Color: Black	- "Unbreakable Boom" bendable to 360 degrees - Wears left or right - Converts to dual ear with optional R-DMC accessory - Up to 135 dB max SPL - Available in colors beige, brown or black - Cable length of 1 meter - Interchangeable X-Connectors compatible for all popular wireless systems including Shure, Sennheiser and Audio-Technica	\$399.00
CR-8S-XSH-BE	SERIES8 CARDIOID Earworn Microphone for Shure. Color: Beige	Single over-ear microphone with super flex boom wears left or right. Highly effective at feedback rejection. Includes microphone, cable clip, standard and large size windscreens. Color: Beige	- "Unbreakable Boom" bendable to 360 degrees - Wears left or right - Converts to dual ear with optional R-DMC accessory - Up to 135 dB max SPL - Available in colors beige, brown or black - Cable length of 1 meter - Interchangeable X-Connectors compatible for all popular wireless systems including Shure, Sennheiser and Audio-Technica	\$399.00
CR-8S-XSH-BR	SERIES8 CARDIOID Earworn Microphone for Shure. Color: Brown	Single over-ear microphone with super flex boom wears left or right. Highly effective at feedback rejection. Includes microphone, cable clip, standard and large size windscreens. Color: Brown	- "Unbreakable Boom" bendable to 360 degrees - Wears left or right - Converts to dual ear with optional R-DMC accessory - Up to 135 dB max SPL - Available in colors beige, brown or black - Cable length of 1 meter - Interchangeable X-Connectors compatible for all popular wireless systems including Shure, Sennheiser and Audio-Technica	\$399.00
CO-8WD-XSK-BR	SERIES8 OMNIDIRECTIONAL Headset Microphone (water/sweat proof) for Sennheiser SK, Zaxcom, Wisycom, Shure UR1M. Color: Brown	Dual ear headset microphone with under ear mic placement. Ear loops are reversible for left or right wearing, and collapsible to offer convenience and protection for storage or travel. The mic element is IP 57 rated to protect against water, sweat and makeup. Includes pre-mounted microphone, cable clip, and standard size windscreen. Color: Brown	- Reversible and collapsible earhooks - Wears left or right - IP 57 water/sweat/makeup proof - "Unbreakable Boom" bendable to 360 degrees - Up to 136 dB max SPL - Available in colors beige, brown or black - Cable length of 1 meter - Interchangeable X-Connectors compatible for all popular wireless systems including Shure, Sennheiser and Audio-Technica	\$468.00

CO-8WD-XSK-BL	SERIES8 OMNIDIRECTIONAL Headset Microphone (water/sweat proof) for Sennheiser SK, Zaxcom, Wisycom, Shure UR1M. Color: Black	Dual ear headset microphone with under ear mic placement. Ear loops are reversible for left or right wearing, and collapsible to offer convenience and protection for storage or travel. The mic element is IP 57 rated to protect against water, sweat and makeup. Includes pre-mounted microphone, cable clip, and standard size windscreen. Color: Black	- Reversible and collapsible earhooks - Wears left or right - IP 57 water/sweat/makeup proof - "Unbreakable Boom" bendable to 360 degrees - Up to 136 dB max SPL - Available in colors beige, brown or black - Cable length of 1 meter - Interchangeable X-Connectors compatible for all popular wireless systems including Shure, Sennheiser and Audio-Technica	\$468.00
CO-8WD-XTX-BE	SERIES8 OMNIDIRECTIONAL Headset Microphone (water/sweat proof) for Telex. Color: Beige	Dual ear headset microphone with under ear mic placement. Ear loops are reversible for left or right wearing, and collapsible to offer convenience and protection for storage or travel. The mic element is IP 57 rated to protect against water, sweat and makeup. Includes pre-mounted microphone, cable clip, and standard size windscreen. Color: Beige	- Reversible and collapsible earhooks - Wears left or right - IP 57 water/sweat/makeup proof - "Unbreakable Boom" bendable to 360 degrees - Up to 136 dB max SPL - Available in colors beige, brown or black - Cable length of 1 meter - Interchangeable X-Connectors compatible for all popular wireless systems including Shure, Sennheiser and Audio-Technica	\$449.00
CO-8WD-XTX-BR	SERIES8 OMNIDIRECTIONAL Headset Microphone (water/sweat proof) for Telex. Color: Brown	Dual ear headset microphone with under ear mic placement. Ear loops are reversible for left or right wearing, and collapsible to offer convenience and protection for storage or travel. The mic element is IP 57 rated to protect against water, sweat and makeup. Includes pre-mounted microphone, cable clip, and standard size windscreen. Color: Brown	- Reversible and collapsible earhooks - Wears left or right - IP 57 water/sweat/makeup proof - "Unbreakable Boom" bendable to 360 degrees - Up to 136 dB max SPL - Available in colors beige, brown or black - Cable length of 1 meter - Interchangeable X-Connectors compatible for all popular wireless systems including Shure, Sennheiser and Audio-Technica	\$449.00
CO-8WD-XTX-BL	SERIES8 OMNIDIRECTIONAL Headset Microphone (water/sweat proof) for Telex. Color: Black	Dual ear headset microphone with under ear mic placement. Ear loops are reversible for left or right wearing, and collapsible to offer convenience and protection for storage or travel. The mic element is IP 57 rated to protect against water, sweat and makeup. Includes pre-mounted microphone, cable clip, and standard size windscreen. Color: Black	- Reversible and collapsible earhooks - Wears left or right - IP 57 water/sweat/makeup proof - "Unbreakable Boom" bendable to 360 degrees - Up to 136 dB max SPL - Available in colors beige, brown or black - Cable length of 1 meter - Interchangeable X-Connectors compatible for all popular wireless systems including Shure, Sennheiser and Audio-Technica	\$449.00
CO-8WS-XAK-BE	SERIES8 OMNIDIRECTIONAL Earworn Microphone (water/sweat proof) for AKG, Audix. Color: Beige	Single over-ear microphone with super flex boom wears left or right. The mic element is IP 57 rated to protect against water, sweat and makeup. Includes microphone, cable clip, and standard size windscreen. Color: Beige	- "Unbreakable Boom" bendable to 360 degrees - Wears left or right - Converts to dual ear with optional R-DMC accessory - IP 57 water/sweat/makeup proof - Up to 136 dB max SPL - Available in colors beige, brown or black - Cable length of 1 meter - Interchangeable X-Connectors compatible for all popular wireless systems including Shure, Sennheiser and Audio-Technica	\$315.00
CO-8WS-XAK-BR	SERIES8 OMNIDIRECTIONAL Earworn Microphone (water/sweat proof) for AKG, Audix. Color: Brown	Single over-ear microphone with super flex boom wears left or right. The mic element is IP 57 rated to protect against water, sweat and makeup. Includes microphone, cable clip, and standard size windscreen. Color: Brown	- "Unbreakable Boom" bendable to 360 degrees - Wears left or right - Converts to dual ear with optional R-DMC accessory - IP 57 water/sweat/makeup proof - Up to 136 dB max SPL - Available in colors beige, brown or black - Cable length of 1 meter - Interchangeable X-Connectors compatible for all popular wireless systems including Shure, Sennheiser and Audio-Technica	\$315.00

CO-8WS-XAK-BL	SERIES8 OMNIDIRECTIONAL Earworn Microphone (water/sweat proof) for AKG, Audix. Color: Black	Single over-ear microphone with super flex boom wears left or right. The mic element is IP 57 rated to protect against water, sweat and makeup. Includes microphone, cable clip, and standard size windscreen. Color: Black	- "Unbreakable Boom" bendable to 360 degrees - Wears left or right - Converts to dual ear with optional R-DMC accessory - IP 57 water/sweat/makeup proof - Up to 136 dB max SPL - Available in colors beige, brown or black - Cable length of 1 meter - Interchangeable X-Connectors compatible for all popular wireless systems including Shure, Sennheiser and Audio-Technica	\$315.00
CO-8WS-XAT-BE	SERIES8 OMNIDIRECTIONAL Earworn Microphone (water/sweat proof) for Audio-Technica. Color: Beige	Single over-ear microphone with super flex boom wears left or right. The mic element is IP 57 rated to protect against water, sweat and makeup. Includes microphone, cable clip, and standard size windscreen. Color: Beige	- "Unbreakable Boom" bendable to 360 degrees - Wears left or right - Converts to dual ear with optional R-DMC accessory - IP 57 water/sweat/makeup proof - Up to 136 dB max SPL - Available in colors beige, brown or black - Cable length of 1 meter - Interchangeable X-Connectors compatible for all popular wireless systems including Shure, Sennheiser and Audio-Technica	\$315.00
CO-8WS-XAT-BR	SERIES8 OMNIDIRECTIONAL Earworn Microphone (water/sweat proof) for Audio-Technica. Color: Brown	Single over-ear microphone with super flex boom wears left or right. The mic element is IP 57 rated to protect against water, sweat and makeup. Includes microphone, cable clip, and standard size windscreen. Color: Brown	- "Unbreakable Boom" bendable to 360 degrees - Wears left or right - Converts to dual ear with optional R-DMC accessory - IP 57 water/sweat/makeup proof - Up to 136 dB max SPL - Available in colors beige, brown or black - Cable length of 1 meter - Interchangeable X-Connectors compatible for all popular wireless systems including Shure, Sennheiser and Audio-Technica	\$315.00
CO-8WS-XAT-BL	SERIES8 OMNIDIRECTIONAL Earworn Microphone (water/sweat proof) for Audio-Technica. Color: Black	Single over-ear microphone with super flex boom wears left or right. The mic element is IP 57 rated to protect against water, sweat and makeup. Includes microphone, cable clip, and standard size windscreen. CO-8WS-XLE-BE	SERIES8 OMNIDIRECTIONAL Earworn Microphone (water/sweat proof) for Lectrosonics. Color: Beige	Single over-ear microphone with super flex boom wears left or right. The mic element is IP 57 rated to protect against water, sweat and makeup. Includes microphone, cable clip, and standard size windscreen. Color: Beige	- "Unbreakable Boom" bendable to 360 degrees - Wears left or right - Converts to dual ear with optional R-DMC accessory - IP 57 water/sweat/makeup proof - Up to 136 dB max SPL - Available in colors beige, brown or black - Cable length of 1 meter - Interchangeable X-Connectors compatible for all popular wireless systems including Shure, Sennheiser and Audio-Technica	\$315.00
CO-8WS-XLE-BR	SERIES8 OMNIDIRECTIONAL Earworn Microphone (water/sweat proof) for Lectrosonics. Color: Brown	Single over-ear microphone with super flex boom wears left or right. The mic element is IP 57 rated to protect against water, sweat and makeup. Includes microphone, cable clip, and standard size windscreen. Color: Brown	- "Unbreakable Boom" bendable to 360 degrees - Wears left or right - Converts to dual ear with optional R-DMC accessory - IP 57 water/sweat/makeup proof - Up to 136 dB max SPL - Available in colors beige, brown or black - Cable length of 1 meter - Interchangeable X-Connectors compatible for all popular wireless systems including Shure, Sennheiser and Audio-Technica	\$315.00

CO-8WS-XLE-BL	SERIES8 OMNIDIRECTIONAL Earworn Microphone (water/sweat proof) for Lectrosonics. Color: Black	Single over-ear microphone with super flex boom wears left or right. The mic element is IP 57 rated to protect against water, sweat and makeup. Includes microphone, cable clip, and standard size windscreen. Color: Black	- "Unbreakable Boom" bendable to 360 degrees - Wears left or right - Converts to dual ear with optional R-DMC accessory - IP 57 water/sweat/makeup proof - Up to 136 dB max SPL - Available in colors beige, brown or black - Cable length of 1 meter - Interchangeable X-Connectors compatible for all popular wireless systems including Shure, Sennheiser and Audio-Technica	\$315.00
CR-8L-XSK-BR	SERIES8 CARDIOID Lavalier Microphone for Sennheiser SK, Zaxcom, Wisycom, Shure UR1M. Color: Brown	Ultra low-profile miniature lavalier is ideal when camouflaging is key?particularly desired in theatre or broadcast applications. Highly effective at feedback rejection. Includes microphone, cable clip, standard and large size windscreens. Color: Brown	- Mic element measures only 4mm in diameter - up to 135 dB max SPL - Optimal gain before feedback - Available in colors beige, brown or black - Cable length of 1 meter - Interchangeable X-Connectors compatible for all popular wireless systems including Shure, Sennheiser and Audio-Technica	\$387.00
CR-8L-XSK-BL	SERIES8 CARDIOID Lavalier Microphone for Sennheiser SK, Zaxcom, Wisycom, Shure UR1M. Color: Black	Ultra low-profile miniature lavalier is ideal when camouflaging is key?particularly desired in theatre or broadcast applications. Highly effective at feedback rejection. Includes microphone, cable clip, standard and large size windscreens. Color: Black	- Mic element measures only 4mm in diameter - up to 135 dB max SPL - Optimal gain before feedback - Available in colors beige, brown or black - Cable length of 1 meter - Interchangeable X-Connectors compatible for all popular wireless systems including Shure, Sennheiser and Audio-Technica	\$387.00
CR-8L-XTX-BE	SERIES8 CARDIOID Lavalier Microphone for Telex. Color: Beige	Ultra low-profile miniature lavalier is ideal when camouflaging is key?particularly desired in theatre or broadcast applications. Highly effective at feedback rejection. Includes microphone, cable clip, standard and large size windscreens. Color: Beige	- Mic element measures only 4mm in diameter - up to 135 dB max SPL - Optimal gain before feedback - Available in colors beige, brown or black - Cable length of 1 meter - Interchangeable X-Connectors compatible for all popular wireless systems including Shure, Sennheiser and Audio-Technica	\$368.00
CR-8L-XTX-BR	SERIES8 CARDIOID Lavalier Microphone for Telex. Color: Brown	Ultra low-profile miniature lavalier is ideal when camouflaging is key?particularly desired in theatre or broadcast applications. Highly effective at feedback rejection. Includes microphone, cable clip, standard and large size windscreens. Color: Brown	- Mic element measures only 4mm in diameter - up to 135 dB max SPL - Optimal gain before feedback - Available in colors beige, brown or black - Cable length of 1 meter - Interchangeable X-Connectors compatible for all popular wireless systems including Shure, Sennheiser and Audio-Technica	\$368.00
CR-8L-XTX-BL	SERIES8 CARDIOID Lavalier Microphone for Telex. Color: Black	Ultra low-profile miniature lavalier is ideal when camouflaging is key?particularly desired in theatre or broadcast applications. Highly effective at feedback rejection. Includes microphone, cable clip, standard and large size windscreens. Color: Black	- Mic element measures only 4mm in diameter - up to 135 dB max SPL - Optimal gain before feedback - Available in colors beige, brown or black - Cable length of 1 meter - Interchangeable X-Connectors compatible for all popular wireless systems including Shure, Sennheiser and Audio-Technica	\$368.00
CR-8D-XAK-BE	SERIES8 CARDIOID Headset Microphone for AKG, Audix. Color: Beige	Dual ear headset microphone with under ear mic placement. Ear loops are reversible for left or right wearing, and collapsible to offer convenience and protection for storage or travel. Highly effective at feedback rejection. Includes pre-mounted microphone, cable clip, standard and large size windscreens. Color: Beige	- Reversible and collapsible earhooks - Wears left or right - "Unbreakable Boom" bendable to 360 degrees - Up to 135 dB max SPL - Available in colors beige, brown or black - Cable length of 1 meter - Interchangeable X-Connectors compatible for all popular wireless systems including Shure, Sennheiser and Audio-Technica	\$499.00

CR-8D-XAK-BR	SERIES8 CARDIOID Headset Microphone for AKG, Audix. Color: Brown	Dual ear headset microphone with under ear mic placement. Ear loops are reversible for left or right wearing, and collapsible to offer convenience and protection for storage or travel. Highly effective at feedback rejection. Includes pre-mounted microphone, cable clip, standard and large size windscreens. Color: Brown	- Reversible and collapsible earhooks - Wears left or right - "Unbreakable Boom" bendable to 360 degrees - Up to 135 dB max SPL- Available in colors beige, brown or black - Cable length of 1 meter - Interchangeable X-Connectors compatible for all popular wireless systems including Shure, Sennheiser and Audio-Technica	\$499.00
CR-8D-XAK-BL	SERIES8 CARDIOID Headset Microphone for AKG, Audix. Color: Black	Dual ear headset microphone with under ear mic placement. Ear loops are reversible for left or right wearing, and collapsible to offer convenience and protection for storage or travel. Highly effective at feedback rejection. Includes pre-mounted microphone, cable clip, standard and large size windscreens. Color: Black	- "Unbreakable Boom" bendable to 360 degrees - Wears left or right - Converts to dual ear with optional R-DMC accessory - IP 57 water/sweat/makeup proof - Up to 136 dB max SPL - Available in colors beige, brown or black - Cable length of 1 meter - Interchangeable X-Connectors compatible for all popular wireless systems including Shure, Sennheiser and Audio-Technica	\$315.00
CR-8L-XAK-BE	SERIES8 CARDIOID Lavalier Microphone for AKG, Audix. Color: Beige	Ultra low-profile miniature lavalier is ideal when camouflaging is key?particularly desired in theatre or broadcast applications. Highly effective at feedback rejection. Includes microphone, cable clip, standard and large size windscreens. Color: Beige	- Mic element measures only 4mm in diameter - up to 135 dB max SPL - Optimal gain before feedback - Available in colors beige, brown or black - Cable length of 1 meter - Interchangeable X-Connectors compatible for all popular wireless systems including Shure, Sennheiser and Audio-Technica	\$368.00
CR-8L-XAK-BR	SERIES8 CARDIOID Lavalier Microphone for AKG, Audix. Color: Brown	Ultra low-profile miniature lavalier is ideal when camouflaging is key?particularly desired in theatre or broadcast applications. Highly effective at feedback rejection. Includes microphone, cable clip, standard and large size windscreens. Color: Brown	- Mic element measures only 4mm in diameter - up to 135 dB max SPL - Optimal gain before feedback - Available in colors beige, brown or black - Cable length of 1 meter - Interchangeable X-Connectors compatible for all popular wireless systems including Shure, Sennheiser and Audio-Technica	\$368.00
CR-8L-XAK-BL	SERIES8 CARDIOID Lavalier Microphone for AKG, Audix. Color: Black	Ultra low-profile miniature lavalier is ideal when camouflaging is key?particularly desired in theatre or broadcast applications. Highly effective at feedback rejection. Includes microphone, cable clip, standard and large size windscreens. Color: Black	- Mic element measures only 4mm in diameter - up to 135 dB max SPL - Optimal gain before feedback - Available in colors beige, brown or black - Cable length of 1 meter - Interchangeable X-Connectors compatible for all popular wireless systems including Shure, Sennheiser and Audio-Technica	\$368.00
CR-8L-XAT-BE	SERIES8 CARDIOID Lavalier Microphone for Audio-Technica. Color: Beige	Ultra low-profile miniature lavalier is ideal when camouflaging is key?particularly desired in theatre or broadcast applications. Highly effective at feedback rejection. Includes microphone, cable clip, standard and large size windscreens. Color: Beige	- Mic element measures only 4mm in diameter - up to 135 dB max SPL - Optimal gain before feedback - Available in colors beige, brown or black - Cable length of 1 meter - Interchangeable X-Connectors compatible for all popular wireless systems including Shure, Sennheiser and Audio-Technica	\$368.00
CR-8L-XAT-BR	SERIES8 CARDIOID Lavalier Microphone for Audio-Technica. Color: Brown	Ultra low-profile miniature lavalier is ideal when camouflaging is key?particularly desired in theatre or broadcast applications. Highly effective at feedback rejection. Includes microphone, cable clip, standard and large size windscreens. Color: Brown	- Mic element measures only 4mm in diameter - up to 135 dB max SPL - Optimal gain before feedback - Available in colors beige, brown or black - Cable length of 1 meter - Interchangeable X-Connectors compatible for all popular wireless systems including Shure, Sennheiser and Audio-Technica	\$368.00

CR-8L-XAT-BL	SERIES8 CARDIOID Lavalier Microphone for Audio-Technica. Color: Black	Ultra low-profile miniature lavalier is ideal when camouflaging is key?particularly desired in theatre or broadcast applications. Highly effective at feedback rejection. Includes microphone, cable clip, standard and large size windscreens. Color: Black	- Mic element measures only 4mm in diameter - up to 135 dB max SPL - Optimal gain before feedback - Available in colors beige, brown or black - Cable length of 1 meter - Interchangeable X-Connectors compatible for all popular wireless systems including Shure, Sennheiser and Audio-Technica	\$368.00
CR-8L-XLE-BE	SERIES8 CARDIOID Lavalier Microphone for Lectrosonics. Color: Beige	Ultra low-profile miniature lavalier is ideal when camouflaging is key?particularly desired in theatre or broadcast applications. Highly effective at feedback rejection. Includes microphone, cable clip, standard and large size windscreens. Color: Beige	- Mic element measures only 4mm in diameter - up to 135 dB max SPL - Optimal gain before feedback - Available in colors beige, brown or black - Cable length of 1 meter - Interchangeable X-Connectors compatible for all popular wireless systems including Shure, Sennheiser and Audio-Technica	\$368.00
CR-8L-XLE-BR	SERIES8 CARDIOID Lavalier Microphone for Lectrosonics.
